***Trakka Launches The All-New Trakkaway 730 Fiat***

**October 2008;** In the current economic condition, everyone is scrambling to find ways to maintain their lifestyle, minus the premium price tag. Rather than take an overseas holiday this year, why not travel around Australia in style?

Celebrating Australia as the perfect place to holiday, Trakka has launched the all-new Trakkaway 730, a five-star hotel suite on wheels. With 35 years of experience and expertise and the reputable Fiat badge, Trakka has created a liveable modern interior with flexible dining, living and sleeping options, all contained in an easy to drive vehicle - no special licence required.

Sally Berry, Director of Trakka says, "We are extremely excited about the launch of the new Trakkaway 730. It is the perfect alternative to an expensive-to-maintain holiday house with the added advantage of being completely mobile!"

The Trakkaway 730 diminishes the need for expensive add-ons with high quality standard features such as a high definition digital TV/DVD player, 175 litre two door fridge, two extra batteries, leather trim, filtered drinking water, gas oven, ducted air conditioning and heating, two enormous double beds, reversing camera, skylights and vents, stylish wooden interior finish and more.

Exclusively available for purchase only, the Trakkaway 730 sleeps and seats four guests.
